Officer-in-Charge

Subject: Relocation of artefacts

---

Villadolid Hall located along Lakandula Street will be demolished to make way for the Resilience Institute Building. ASP is currently negotiating with the College of Science to allow us to use the Seaweed Building, located behind Villadolid Hall.

Artefacts that are not being studied can be returned to the National Museum through ASP.

In the meantime, I am requesting all to prepare and pack all artefacts so that once we get an approval from the College of Science, the artefacts are ready to be transferred.

All are also requested to remove their personal belongings from Villadolid Hall.

Those involved in the Mindoro project, kindly see to it that the shells and other artefacts currently in the Mindoro Room be packed accordingly.

There are at least two cats in Villadolid Hall, I hope cat lovers in ASP can find them new homes as soon as possible.

Thank you for your cooperation.
